

Our Vision and Values

At Grampond with Creed, our fundamental aim is for every pupil to flourish and shine their light in a safe, nurturing environment.

The commitment to our roles and the part we play in their flourishing is inspired by the teachings in Matthew where Jesus addresses a crowd and explains the importance of letting their lights shine before others. As a Christian school family, we seek to follow the example of Jesus in all that we do so our vision has been written by our school community and driven our intentions and high expectations for every child here.

HOPE

TRUST

WISDOM

LOVE

This ensures they walk a path of success filled with pride and self-belief. We strongly believe that every child and family should feel seen, heard and supported and our aim is to ensure pupils are happy, respectful citizens who believe in themselves and achieve together with barriers to learning removed.

Our values of hope, trust, love and wisdom remain at the heart of all we do so that the light of Jesus shines within us. Individuality is recognised and celebrated, every child follows their desired path and together, we flourish in God's image, shining our light both in school and the wider community.
