Our Learning
journey to help us
to ...

LIGHT

Lets **I**nspire (with a) **G**reat
High- quality **T**ext

We will be using the term LIGHT to describe a good example of a text for you to use to help you to up-level your own writing.

Guided Light

This is what we will call a guided write. We will use our LIGHT and write a shared text together. We will up-level , edit and use all different ideas. Then you will change/ edit parts to suit your ideas!

Shine Time!

This is your time to use all of your learning to show us what you can do! You will be writing independently. Remember the magpie grid, LIGHT and all of the learning you have done!
