

Tapestry Consent Form/Info Sheet

Dear Parents and Carers,

Tapestry Online Learning Journal is a website we use as a secure and convenient way of recording your child's learning journey throughout their time with us in the Early Years Foundation Stage (nursery and reception).

Tapestry allows us to instantly upload photos, videos and observations of your child. You then receive an email alerting you that content has been added to your child's Learning Journal, and you can log-on and see what your child has been doing! In each observation, staff will make reference to the Early Years Curriculum so you can see which areas of learning your child is achieving and making progress in.

We really appreciate it if you can feedback to us by 'liking' and/or commenting on the observations. We also encourage you to add your own observations so that we can share in your child's achievements outside of school and add these to their journal. This gives a more complete record and is also a great way to maintain regular communication between home and school.

The safeguarding of your child and the other children in school, is of the utmost important to us. Tapestry is hosted in the UK on secure servers, which are proactively managed 24 hours a day. Filenames are encoded for uploaded videos and images, making Tapestry a safe and secure on-line Learning Journey tool. You will only have access to your child's journal, and this cannot be seen by other parents. There may be occasions where your child has participated in an activity with another child/children and their photograph may therefore be seen on your child's pages. It is crucial that you do not share photos or videos from your child's journal on social media or through other online platforms for the safety and protection of all children in our school.

Once you have returned the consent form below, I will set up an account for you and you will receive an email link to follow in order to set your login and password. **You may need to check your JUNK MAIL BOX for this.**

Tapestry is also available as a free app from the Apple Store and also on Android devices.

If you have any questions, please contact me.
